Features

AEF-2

The plastic-covered metal earloop holds the eartip or receiver in place on the ear.

AEF-3

The nylon-covered metal earloop holds the eartip or receiver in place on the ear.

AFC-1

Under-Chin Tube & Foam Cushion

BT-1

Replacement Eartip for ET-1 Eartip (Bag of 25)

For maximum comfort and convenience, three pliable earmolds (small, medium and large) are available for either the left or right ear. The Telethin receiver easily attaches into the earpiece directing sound into the ear canal and limiting ambient noise.

EH-L

Earphone Shell Holder for all Telethin Drivers, Large

EH-S

Earphone Shell Holder for all Telethin Drivers, Small

ET-1

Eartip, Salmon-Colored Tip with Metal Plug

For maximum comfort and convenience, three pliable earmolds (small, medium and large) are available for either the left or right ear. The Telethin receiver easily attaches into the earpiece directing sound into the ear canal and limiting ambient noise.
